

**PATIENT FLOW COORDINATOR
ACUTE MEDICINE**
INFORMATION FOR CANDIDATES

ABOUT THE TRUST

The Shrewsbury and Telford Hospital NHS Trust (SaTH) is the main provider of acute hospital services for around half a million people in Shropshire, Telford & Wrekin and mid Wales.

Encompassing some of the most picturesque parts of England and Wales, the Trust's catchment stretches from the Cambrian Mountains in the west, to Newport and the fringes of the Black Country in the east.

The main towns include: Bridgnorth, Ludlow, Market Drayton, Oswestry, Shrewsbury and Whitchurch (in Shropshire); Newport, Telford and Wellington (in Telford & Wrekin); and Newtown and Welshpool (in Powys) – all beautiful and unique.

Our main service locations are The Princess Royal Hospital (PRH) in Telford and The Royal Shrewsbury Hospital (RSH) in Shrewsbury which are located 20 minutes drive apart. Together they provide 99% of our activity. Both hospitals provide a wide range of acute hospital services including accident & emergency, outpatients, diagnostics, inpatient medical care and critical care.

We also provide services such as consultant-led outreach clinics at Telford, the Robert Jones and Agnes Hunt Orthopaedic Hospital, Gobowen and the Bridgnorth, Ludlow and Whitchurch Community Hospitals.

We employ more than 6,000 people, and hundreds of colleagues and students from other organisations also work in our hospitals. We benefit from around 1,000 wonderful volunteers, and our main charitable partners are the League of Friends at The Royal Shrewsbury Hospital, Friends of The Princess Royal Hospital, and the Lingen Davies Cancer Appeal which is based at The Royal Shrewsbury Hospital.

OUR VISION AND VALUES

The Shrewsbury and Telford Hospital NHS Trust is an organisation that strives to provide high quality, safe care for our patients in an environment which our staff are proud to work in

Our Vision:

“To provide excellent care for the communities we serve”

Our Values:

OUR VISION

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

OUR VALUES

Our Trust Values provide a guide for our daily lives which we are all expected to uphold, both at work and when we are representing the Trust.

Our Values were developed by staff and our patients, so they represent what is important to us within the organisation and the way we should all behave towards patients, carers, visitors, partners and each other.

You will see our Values throughout the Trust; they are not just words on a page, they represent what we are about here at SaTH. We want patients and their families to say that the care and service they receive from all of us is consistently high-quality, safe, effective, and personalised, so the feelings behind the Values shouldn't come as a surprise to anyone working in the NHS.

The reason why it is important that they are clearly written down is, so we all know what's expected, and none of us are surprised if we are asked to explain any unacceptable behaviour. Ultimately, if we follow our Values, we will provide services that are better for our patients and better for each other.

A MESSAGE FROM OUR CEO

Thank you for your interest in this role.

Our Trust's Vision is to provide excellent care for the communities we serve. We are striving to provide high quality, safe care for our patients in an environment which our colleagues are proud to work in.

We are looking for an inspiring, motivated individual who demonstrates our values, and who can provide clear vision and direction as we continue to move forward.

You will know that our Trust is on an improvement journey. Our recent Care Quality Commission inspection demonstrates that we are making progress towards our aim of Getting to Good, despite the challenges of a pandemic. We also know that we have more to do and that we must sustain the changes if we are to keep on improving. We are wholeheartedly committed to this and have plans in place to support this including our exciting Hospitals Transformation Programme. This will support the reconfiguration of where and how we deliver our services and the modernisation of our facilities and infrastructure, so that we can deliver better quality care for all of our communities.

It is a really exciting time to be a part of our Trust. I hope that you will join us to help steer and support us on our journey.

JOB DESCRIPTION

Job Title	Patient Flow Coordinator
Band	3
Directorate	Medicine and Emergency Care
Accountable to	Acute Medicine Ward Manager
DBS Required?	Yes

JOB PURPOSE

The post holder will be a member of the Acute Medicine Team working directly with the AMU and SDEC Nurse Co-ordinators (NiC) supporting the management of all attendances, admissions and discharges for Acute Medicine patients by facilitating an efficient, effective and timely management of patient's diagnostics, decisions and utilisation of beds and resources.

Successful applicants will be based primarily at one of Shrewsbury and Telford Hospital NHS Trust's 2 sites, The Royal Shrewsbury Hospital or Princess Royal Hospital Telford. However, at times to ensure safe patient care we may request that colleagues work cross site to support adequate cover.

Alongside the administrative and clerical aspects of the acute med facilitator role, the post holder will provide support and assist Registered Nurses in delivering certain aspects of health care directly to patients, within defined levels of competence and practice. This will include assisting in maintaining a suitable environment in which to deliver that care.

Accurately undertake and record patient observations (at a frequency determined by the Registered Nurses) reporting any abnormalities immediately to a Registered Nurse

Escort patients to and from other wards and departments under the direct instruction of the Registered Nurses

To move patients safely using techniques taught by the Manual Handling Team, including the safe use of mechanical and non-mechanical manual handling aids.

To provide clinical administrative support to Registered Nurses

Perform venepuncture and cannulation on patients as required once trained and deemed competent with this skill.

Key Areas

- Discharge/Admission Liaison Services
- To work directly with the NiC to support the safe and effective flow of patients through the department, supporting the ED 4 hour patient safety standard.
- To monitor performance in all areas of Acute Medicine, in particular SDEC. This will include chasing diagnostic results to support clinical decision-making as appropriate.
- Escalation of unnecessary delays to the relevant departments to support patient flow
- To support performance in relation to Care Quality Indicators, with appropriate escalation to NiC, Acute Physicians, and Departmental Management Team.
- To liaise with inter-disciplinary team regarding discharge / admission arrangements of patients.
- To ensure that Internal Professional Standards (IPS) are adhered to – initially contacting speciality doctors directly and escalating to NiC, Acute Physicians, and Departmental Management Team when standards are not adhered to.
- To collate information in relation to non-compliance by speciality teams to IPS.
- To liaise with other agencies and carers as required to provide effective communication and thus to enable timely discharge / transfer of patients out of the Acute Medicine Service.

Communication & Relationships Skills

- To gain respect of and develop close working relationships with clinical and non-clinical staff to assist with the provision of effective management of patients and bed utilisation.

Administrative and Clerical

- To assist in the accessing diagnostic results and escalate delays to the NiC, Acute Physicians, and Departmental Management Team.
- To receive patients, visitors and staff in a calm, friendly and efficient manner
- To obtain documentation of previous attendances when required.
- To maintain records and gather data for statistical purposes.
- Answer telephone and resolve queries from relatives of patients when appropriate and answer queries from other hospital departments.
- Provide timely and accurate information regarding bed availability and ensure that this information is made available to the NiC.
- Generate reports as requested by the Operational Management team.
- The post holder will have the ability to communicate clearly and effectively.
- The post holder will maintain a visible and active presence in Acute Medicine.
- Work with other centres to ensure the most efficient use of beds to deliver smooth, efficient and timely patient pathways.

Knowledge, Training & Experience

- Evidence of working within a busy acute hospital.
- Knowledge of hospital terminology.
- Accuracy and data entry skills.
- Experience of managing patient admissions and discharges.
- Awareness of National Access Targets and Care Quality Indicators.

Analytical and Judgement Skills

- To participate in Trust projects and initiatives, as appropriate.
- The post holder will be required to analyse, assess and make amendments in order to produce effective and accurate reports in relation to breaches saved and action taken.
- To report concerns, errors or inaccuracies to the NiC, Acute Physicians, and Departmental Management Team.
- Collate data regarding demand and capacity and be proactive in establishing systems for problem solving.

Planning & Organisational Skills

- Support the delivery and achievement of care quality indicators, both those agreed locally and dictated by national policy.
- Excellent organisational skills are essential as the post holder will be required to work under the direction of the NiC and manage their own day to day workload in such a way that they are able to meet deadlines.
- Work within Acute Medicine to establish an effective system for the management of patients in all areas and the beds to ensure efficient patient throughput.
- Identify and predict potential issues to the NiC, Acute Physicians, and Departmental Management Team.

- Physical Skills

- Patient/Client Care

- Patient / Client contact will be incidental.
- The post holder will support the Acute Medicine Service in efficient management of patients and bed utilisation, ensuring appropriate patient pathways are followed.

- Policy and Service

- Make an effective contribution to groups concerned with the management of Emergency Department patients and admissions/discharges.

- Contribute to the organisation and development of the Acute Medicine Service by attending team briefings and department meetings.

- The post holder will follow and work within the guidelines as set out by Trust policies and procedures.

- Physical, Mental and Emotional Demands of the Post

- To handle emotive and challenging situations, using influential negotiating and motivational skills to achieve desired outcomes.
- To cope with frequent interruptions whilst in periods of concentration.
- Excellent use of Microsoft office programmes, particularly Excel
- Frequent walking of the Acute Medicine Service to obtain patient status.
