OUR VISION AND VALUES 18

ABOUT THE TRUST

The Shrewsbury and Telford Hospital NHS Trust (SaTH) is the main provider of acute hospital services for around half a million people in Shropshire, Telford & Wrekin and mid Wales.

Encompassing some of the most picturesque parts of England and Wales, the Trust's catchment stretches from the Cambrian Mountains in the west, to Newport and the fringes of the Black Country in the east. The main towns include: Bridgnorth, Ludlow, Market Drayton, Oswestry, Shrewsbury and Whitchurch (in Shropshire); Newport, Telford and Wellington (in Telford & Wrekin); and Newtown and Welshpool (in Powys) – all beautiful and unique.

Our main service locations are the Princess Royal Hospital (PRH) in Telford and the Royal Shrewsbury Hospital (RSH) in Shrewsbury which are located 20 minutes' drive apart. Together they provide 99% of our activity. Both hospitals provide a wide range of acute hospital services including accident & emergency, outpatients, diagnostics, inpatient medical care and critical care.

We also provide services such as consultant-led outreach clinics at the Wrekin Community Clinic, Telford, the Robert Jones and Agnes Hunt Orthopaedic Hospital, Gobowen and the Bridgnorth, Ludlow and Whitchurch Community Hospitals.

We employ almost 6,000 staff, and hundreds of staff and students from other organisations also work in our hospitals. We benefit from around 1,000 wonderful volunteers, and our main charitable partners are the League of Friends at the Royal Shrewsbury Hospital, Friends of the Princess Royal Hospital, and the Lingen Davies Cancer Appeal which is based at the Royal Shrewsbury Hospital.

We are committed to providing the best possible diagnostic facilities and high-quality clinical care in a clean, supportive environment where patients are treated effectively with respect and dignity.

The Shrewsbury and Telford Hospital NHS Trust continues to work with our partners in health and social care in Shropshire, Telford and Wrekin and mid Wales to develop patient-focused services that meet the needs of our communities.

Plans have been given the go ahead to transform local hospital services for the half a million residents of Shropshire, Telford & Wrekin and mid Wales to make sure two vibrant hospitals and the wide range of services they provide for people locally are kept in the county. This landmark decision will result in better care for patients, secure the £312m on offer from HM Treasury and develop both hospital sites to deliver state of the art facilities in which staff will be proud to work and patients will choose to be treated.

MAIN DUTIES & RESPONSIBILITIES

Clinical

- To be responsible and work independently for the continuing care of patients alongside consultant staff.
- To participate in the Gastroenterology on call rota.
- To work independently caring for patients with Gastrointestinal complaints, caring out a mixture of emergency and elective care
- To participate in the audit and governance and support the training of junior medical staff and other staffing groups that care for our patients.
- To carry out appropriate administrative duties in support of clinical commitments
- To be a core member and participate in the Upper GI / Hepatobiliary Cancer MDT
- To develop enhanced clinical skills, especially in the assessment and management of acutely ill patients.
- To have excellent team-working skills with the abilities and professional attitude to work well in a multi-professional team.
- To deliver clinical and quality targets agreed both nationally and locally with clinical teams and commissioners.
- To follow patients throughout their clinical pathways.

Organisational

- To work with local managers and professional colleagues in the employing Trust in the efficient running of the service.
- To be subject to the provisions of the Terms and Conditions of Service, be required to observe the Trust's agreed policies and procedures, drawn up in consultation with the profession on clinical matters and to follow the local and national employment and personnel policies and procedures.
- To participate in the Continuous Professional Development and the Trust's appraisal scheme.
- To be aware of the responsibility of all employees to maintain a safe and healthy environment for patients, visitors and staff and attend all relevant health and safety training.
- Ensure that all Trust-wide standards are maintained to improve the quality of total care to all who come into contact with services provided by Shrewsbury and Telford hospital NHS Trust.

This job description is not intended to be exhaustive. The post holder will be expected to carry out any reasonable duties requested of them, appropriate to the grade and role of the post. Duties and responsibilities may vary from time to time in light of changing circumstances and in consultation with the post holder.

JOB DESCRIPTION

Job Title:	Consultant Gastroenterologist
Grade:	Consultant
Division:	Surgery, Anaesthetics & Cancer
Responsible to:	Division Medical Director
Professionally Accountable to:	Medical Director
Hours:	10PAs
Duration:	Permanent
Salary:	£93666 - £126281 per annum [YC72]

Job Summary

The Shrewsbury and Telford Hospital NHS Trust is looking to appoint a Consultant Gastroenterologist to join our existing team. The Department of Gastroenterology provides a service to the county of Shropshire and Mid Wales and currently consists of 8 Consultant Gastroenterologists and 1 Consultant Hepatologist working across both hospital sites.

THE POST

The Department

Currently, 9 substantive Consultants provide Gastroenterology and Hepatology services. The current team have Special Interests in Hepatology, advanced therapeutic endoscopy, inflammatory bowel disease, nutrition and education. We are a JAG approved centre to run Basic Skills Colonoscopy courses, Upper GI courses, and TTT courses. You will be expected to complement and enhance the current service. The Consultants are supported by Specialist Nurses in Endoscopy, Inflammatory Bowel Disease, Nutrition, and Upper GI cancer, Viral Hepatology, Chronic Liver Disease, GI Physiology and Bowel Cancer Screening. We carry out high resolution oesophageal manometry, 24hr impedance and 24 pH studies and in addition, we offer the BRAVO capsule (96hr pH telemetry service for selected patients). There is a close working liaison with the Upper and Lower GI Specialist Surgical teams, Gastroenterology and Hepatology Senior Staff.

Consultants

Dr J R Butterworth	Consultant Gastroenterologist

M Gadsden	IBD Clinical Nurse Specialist

Specialist Nurses in Hepatology

C Owen	Hepatology Clinical Nurse Specialist
J Williams	Hepatology Clinical Nurse Specialist
L Fabros	Hepatology Clinical Nurse Specialist

Specialist Nurses in Upper GI Cancer

J Gledhill	Upper GI Clinical Nurse Specialist
A Bailey	Upper GI Clinical Nurse Specialist

Additional Endoscopy support is provided by ten Colorectal Surgeons, six Upper Gastrointestinal Surgeons and one speciality doctor.

Our Services

Endoscopy

Endoscopy services are provided on both The Princess Royal Hospital and Royal Shrewsbury Hospital sites and have been carrying out approximately 21,000 endoscopies per annum. Our Endoscopy Department is Joint Advisory Group (JAG) accredited. Shrewsbury and Telford Hospital is a spoke site, linked with Wolverhampton to provide immersive training across the west midlands.

There is a total of six Endoscopy rooms across our two sites. Within the next few months, the department will be expanding and modernising the Endoscopy and decontamination facilities on both sites. The plans are to increase to 9 Endoscopy rooms, one of with the capability to perform GA lists. There are X-ray screening facilities (image intensifiers) in both Departments.

The department uses Olympus equipment and scopes, with a range of 290 series scopes. The endoscopy suites are equipped with a mixture of 290 and EVIS X1 series stacks.

Below is a list of the procedures conducted within our Endoscopy services.

Endoscopy Services

- Diagnostic and Therapeutic Upper GI Endoscopy
- Flexible Sigmoidoscopy/Colonoscopy including “large polyp” service (including EMR/ESD)
- ERCP
- Endoscopic Ultrasound
- Bowel scope and Bowel Cancer Screening
- PEG / Gastropexy
- Transnasal Endoscopy
- Bronchoscopy / EBUS

Nurse Led Services

- Upper GI Cancer Clinical Nurse Specialists
- Capsule Endoscopy
- Day-case paracentesis
- Breath Tests
- Oesophageal Motility & 24-Hour PH Measurement
- Fibroscan
- Hep C Clinic
- Paracentesis
- Nutrition
- IBD Clinical Nurse Specialists
- Bowel Cancer Screening (Bowel Scope)
- Biologic infusion service
- Cystosponge

Gastroenterology

The post-holder will rotate with our other Consultant Gastroenterologists and Hepatologists to perform a consultant of the week at RSH. During these weeks, the post holder will carry out no elective activity and work on a single site. The post holder will cover the Gastroenterology ward and outliers (typically 5 daily consultant ward rounds: Monday to Friday), currently 25G and 25CR (outliers) at RSH. Total in-patient load is less than 30 patients. In addition, appointee will provide AMU-in-reach, undertake urgent inpatient endoscopy, discuss with relatives and review inpatient referrals. Please see example timetable below.

The post holder will also rotate with our other consultant Gastroenterologists and Hepatologists to perform a Gastroenterologist of the Day (GOD) at our Princess Royal Hospital (PRH). At present, during these days you will perform the AMU in-reach, undertake one DCC at PRH (list or clinic depending on service requirements) and provide phone advice for in-patient referrals at PRH.

When rotated off the ward, the ward round sessions will be replaced with Endoscopy lists and clinics. The Gastroenterologists have no Acute Medical commitment apart from on-going in-patient care of patients transferred to the Gastroenterology and outlier wards. These patients are predominantly Gastroenterological and will have been seen by and have had treatment and a management plan initiated by the admitting Consultant on the post take ward round.

Consultants participate in a Gastroenterology on-call rota across both sites. This is primarily for the management of severe Upper GI Haemorrhage but may also be for urgent advice on the management of other Gastroenterology and Hepatology conditions. When on-call at the weekend, the Consultant will visit, and review Gastroenterology in-patients as required. As the national requirements for 7-day services develop, weekend working may involve more time with consequent reduction in PAs/days programmed in the week (a form of time off in lieu).

A typical clinic for an established consultant will have approximately 18 slots (one new patient = 2 slots, 1 follow up = 1 slot) but this will be dependent on experience and will may be altered if needed to reflect specialist interests. A newly appointed consultant will have 14 slots (dependent on experience and may altered if needed to reflect) and this will be reviewed after 6 months, and a plan made with a view to moving towards the departmental standard of 18 slots. Timescale and exact number will depend on the individual consultant's experience and taking into account case mix.

Job Plan

A formal job plan will be agreed between the successful candidate and their Clinical Director and consultant colleagues, on behalf of the Medical Director within 3 months of starting in post. A full-time job plan is based on a 10 PA working week. The job plan will be reviewed annually and is a prospective agreement that sets out the consultant's duties, responsibilities, and objectives for the coming year. It covers all aspects of a consultant's professional practice including clinical work, teaching, research, education and managerial responsibilities. It will provide a clear schedule of commitments, both internal and external and will include personal objectives, detailing links to wider service improvements and trust strategic priorities.

For a full-time contract, the job plan will be divided on average per week (pro-rata for a part time post) as:

- 7.5 Programmed Activities (PAs) of Direct Clinical Care - includes clinical activity, clinically related activity and predictable and unpredictable emergency work. Clinic templates are for 3.5 hours to allow 0.5 hours for additional clinic related admin (phone calls, time to admit from clinic) within the 1PA allocated
- 2.5 Supporting Professional Activities (SPAs) - includes CPD, audit, teaching and research. 1.5 of these will be to support revalidation. The remaining are to be directed at Trust priorities and might include educational supervision, lead roles, and other activities to be reviewed annually as part of the job planning process. SPA time sufficient for quality assurance activities will be provided. Consultants may carry out a maximum of one SPA session off site at a time suited to their individual timetable and in keeping with the requirements of the activities. Direct Clinical Care PA time will be sufficient to deal with the clinical admin generated by inpatient, outpatient and endoscopic activity
- Out of Hours Activity - There will be a requirement to take part in an on call rota primarily for GI bleeds with a frequency of approximately 1 in 10. Weekend on call will require on site input on Saturday and Sunday mornings, as well as an on call from home to advise on other Gastroenterological cases emergencies at other times.

The allocation of PAs is reviewed and may be subject to adjustment when a further diary exercise is undertaken or if the service demands a review of the team job plan.

Any applicant who is unable, for personal reasons, to work full-time will be eligible to be considered for the post. If such a person is appointed, modification of the job content will be discussed on a personal basis with the Trust in consultation with other consultant colleagues.

The post holder will be allocated a mentor.

Timetable

The following provides scheduling details of the clinical activity and clinically related activity components of the appointee's standard working week.

Standard Working Week on wards

	AM	PM
Monday	Ward Round (1 PA)	In patient referrals 1 PA and seeing relatives
Tuesday	Ward Round (1 PA)	In patient referrals 1 PA and seeing relatives
Wednesday	Ward Round (1 PA)	In patient referrals 1 PA and seeing relatives
Thursday	Ward Round (1 PA)	In patient referrals 1 PA and seeing relatives
Friday	Ward Round (1 PA)	In patient referrals 1 PA and seeing relatives

Standard Working Week

	AM	PM
Monday	List (1PA)	Clinic (1PA)
Tuesday	SPA (1PA)	Clinical Admin (0.5 PA)
Wednesday	Clinic (1PA)	SPA (1PA)
Thursday	SPA 0.5 PA Clinical Admin 0.5PA	
Friday	List (1PA)	Clinic (1PA)

	AM	PM
Example Weekday	AMU in-reach followed by review of inpatient referrals and vetting of outpatient referrals. Provide emergency Endoscopy if required	Review inpatient referrals and vetting of outpatient referrals. Provide emergency Endoscopy if required

This timetable is indicative only and the formal job plan will be agreed between the successful applicant and their clinical director within 3 months of starting in post.

Annual Leave

Doctors upon first appointment to the Consultant grade shall be entitled to annual leave at the rate of 32 days a year.

Doctors who have completed a minimum of 7 years' service as a Consultant shall be entitled to annual leave at the rate of 34 days per year.

The rate of annual leave will be based on a full time contract of 10 PAs. Additional PAs above 10 PAs will not accrue additional entitlements to annual leave over and above the full time allocation. For consultants working part-time, the full time entitlement will be pro-rated in accordance with the contracted PAs.

Study and Professional Leave

Professional and Study leave includes but is not restricted to participation in:

- Study, usually but not exclusively or necessarily on a course or programme;
- Research
- Teaching
- Examining or taking examinations
- Visiting clinics and attending professional conferences
- Training

The appointee will be entitled to 30 days of Study/Professional Leave across a 3 year fixed period with a set budget.

Research

It is usual for the Trust to be participating in many research projects at any time. Every effort would be made to accommodate a particular research interest you may have, particularly if trainee members of the Department could be incorporated in the methodological and practical stages.

Audit

Great importance is placed upon audit within the Shrewsbury and Telford Hospital NHS Trust and you will be expected to contribute to this as part of your role; the Trust has a fully staffed Audit Department at both Hospitals with extremely well-organised teams.

Appraisal, Revalidation and Mentorship

- The Trust has the required arrangements in place, to ensure that all Doctors have an annual appraisal with a trained appraiser and supports all Doctors going through the revalidation process.
- The Trust has the required arrangements in place, as laid down by the Royal College of Physicians, to ensure that all Doctors have an annual appraisal with a trained appraiser and supports all Doctors going through the revalidation process.
- The Trust supports the Royal College of Physicians guidance on provision of mentors for new

Consultants, in line with GMC recommendations. This will be provided within the Trust.

- A formal review of the job plan will be performed at least annually. Appropriate educational and training needs will be supported by the Trust in, as agreed with the LNC (for example, the approval and funding of study leave). An annual job plan review at individual and departmental level is being introduced. You will be expected to participate in this exercise.
- We will require you to register SaTH as your designated body via the GMC to ensure that you are set up on the Equiniti revalidation system; we will complete this as soon as possible upon your commencement with the Trust.
- The Trust also supports the requirements for continuing professional development and is committed to providing time and financial support for these activities.

Accommodation

The Trust offers single residential accommodation for medical staff depending on availability. The Trust only provides single accommodation so private rental would need to be arranged for family accommodation.

Office and Secretarial Support

The post holder will have full-time secretarial support with an adequately equipped office that will include a computer with access to Trust IT facilities.

Other Facilities

There is an active Doctors Mess run by the Junior Doctors Mess Committee which organises social events, parties, outings etc. There are on-site fitness centres (a membership fee is payable) available to all members of staff.

Staff Benefits

There are a number of staff benefits schemes which attract tax reductions if joined. This includes a discount on the staff car parking charge, staff gym membership, on-site crèche/childcare provision and access to NHS Discounts schemes.

Health & Safety

As an employee of the Trust you have a responsibility to:

- take reasonable care of your own Health and Safety and that of any other person who may be affected by your acts or omissions at work; and ensuring a COVID secure workplace for the team.
- co-operate with the Trust in ensuring that statutory regulations, codes of practice, local policies and departmental health and safety rules are adhered to; and
- not intentionally or recklessly interfere with or misuse anything provided in the interests of health and safety.

Infection Prevention and Control

The prevention and management of acquired infection is a key priority for the Trust. Any breach of infection control policies is a serious matter which may result in disciplinary action. As an employee of the Trust you have a responsibility to:

- ensure that your work methods are compliant with the Trust's agreed policies and procedures and do not endanger other people or yourself; and
- be aware of infection prevention and control policies, practices and guidelines appropriate for your duties and you must follow these at all times to maintain a safe environment for patients, visitors and staff; and
- maintain an up to date knowledge of infection prevention and control, policies, practices and procedures through attendance at annual mandatory updates and ongoing continuing professional development; and
- challenge poor infection prevention and control practices of others and to report any breaches, using appropriate Trust mechanisms (e.g. incident reporting policy).

Information Governance

The Trust is committed to compliance with Information Governance standards to ensure that all information is handled legally, securely, efficiently and effectively. You are required to comply with the Trust's Information Governance policies and standards. Failure to do so may result in action being taken in accordance with the Trust's Disciplinary Procedure.

- **Confidentiality and Security** - Your attention is drawn to the confidential nature of information collected within the NHS. Whilst you are employed by the Trust you will come into contact with confidential information and data relating to the work of the Trust, its patients or employees. You are bound by your conditions of service to respect the confidentiality of any information you may come into contact with which identifies patients, employees or other Trust personnel, or business information of the Trust. You also have a duty to ensure that all confidential information is held securely at all times, both on and off site.
- **Disclosure of Information** - The unauthorised use or disclosure of information relating to the Trust's activities or affairs, the treatment of patients or the personal details of an employee, will normally be considered a serious disciplinary offence which could result in dismissal. Upon leaving the Trust's employment and at any time thereafter you must not take advantage of or disclose confidential information that you learnt in the course of your employment. Unauthorised disclosure of any of this information may be deemed as a criminal offence. If you are found to have permitted the unauthorised disclosure of any such information, you and the Trust may face legal action.
- **Information Quality and Records Management** - You must ensure that all information handled by you is accurate and kept up-to-date and you must comply with the Trust's recording, monitoring, validation and improvement schemes and processes.

Professional Standards and Performance Review

As an employee of the Trust you have a responsibility to:

- participate in statutory and mandatory training as appropriate for the post; and
- maintain consistently high personal and professional standards and act in accordance with the relevant professional code of conduct; and
- take responsibility for the maintenance and improvement of personal and professional competence and to encourage that of colleagues and subordinates; and
- participate in the Trust's appraisal processes including identifying performance standards for the post, personal objective setting and the creation of a personal development plan in line with the NHS Knowledge and Skills Framework outline for the post.

Safeguarding Children and Vulnerable Adults

We all have a personal and a professional responsibility within the Trust to identify and report abuse. This may be known, suspected, witnessed or have raised concerns. Early recognition is vital to ensuring the patient is safeguarded; other people (children and vulnerable adults) may be at risk. The Trust's procedures must be implemented, working in partnership with the

relevant authorities. The Sharing of Information no matter how small is of prime importance in safeguarding children, young people and vulnerable adults.

As an employee of the Trust you have a responsibility to ensure that:

- you are familiar with and adhere to the Trust's Safeguarding Children procedures and guidelines.
- you attend safeguarding awareness training and undertake any additional training in relation to safeguarding relevant to your role.

Social Responsibility

The Trust is committed to behaving responsibly in the way we manage transport, procurement, our facilities, employment, skills and our engagement with the local community so that we can make a positive contribution to society. As an employee of the Trust you have a responsibility to take measures to support our contribution

and to reduce the environmental impact of our activities relating to energy and water usage, transport and waste.

PERSON SPECIFICATION

The following pages contain a description of the qualifications, skills, experience, knowledge and other attributes a candidate should ideally possess to successfully perform this role.

QUALIFICATIONS

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> • MBBS, MB ChB or equivalent medical qualification. • MRCP or equivalent medical qualification • PhD, MD or evidence of higher education qualification 	<p>✓</p> <p>✓</p>	<p>✓</p>

ENTRY CRITERIA

CRITERIA	ESSENTIAL	DESIRABLE
<ul style="list-style-type: none"> • Full Registration and a licence to practise with the General Medical Council (GMC) • Entry on the General Medical Council (GMC) Specialist Register via one of the following: <ul style="list-style-type: none"> - Certificate of Completion of Training (CCT) (the proposed CCT date must be within 6 months of the interview) - Certificate of Eligibility for Specialist Registration (CESR) 	<p>✓</p> <p>✓</p>	

GENERIC CAPABILITIES FRAMEWORK

PROFESSIONAL VALUES & BEHAVIOURS

CRITERIA
<ul style="list-style-type: none"> • Practises with the professional values and behaviours expected of all doctors as set out in GMC Good Medical Practice and the Generic Professional Capabilities Framework (or equivalent for dentists). • Demonstrates the underpinning subject-specific competences i.e., knowledge, skills and behaviours relevant to the role setting and scope. • Clinically evaluates and manages a patient, formulating a prioritised differential diagnosis, initiating an appropriate management plan, and reviewing and adjusting this depending on the outcomes of treatment. • Critically reflects on own competence, understands own limits, and seeks help when required. • Communicates effectively and able to share decision-making with patients, relatives and carers; treats patients as individuals, promoting a person-centred approach to their care, including self-management • Respects patients’ dignity, ensures confidentiality and appropriate communication where potentially difficult or where barriers exist, e.g., using interpreters and making adjustments for patients with communication difficulties.

- Demonstrates key generic clinical skills around the areas of consent; ensuring humane interventions, prescribing medicines safely and using medical devices safely.
- Adheres to professional requirements, participating in annual appraisal and reviews of performance and progression.
- Awareness of legal responsibilities relevant to the role, such as around mental capacity and deprivation of liberty; data protection; equality and diversity.
- Applies basic principles of public health; including population health, promoting health and wellbeing, work, nutrition, exercise, vaccination and illness prevention, as relevant to their specialty.

LEADERSHIP & TEAM WORKING

CRITERIA

- Awareness of their leadership responsibilities as a clinician and demonstrates appropriate leadership behaviour; managing situations that are unfamiliar, complex, or unpredictable and seeking to build collaboration with, and confidence in, others.
- Demonstrates understanding of a range of leadership principles, approaches and techniques so can adapt leadership behaviours to improve engagement and outcomes – appreciates own leadership style and its impact on others.
- Develops effective relationships across teams and contributes to work and success of these teams – promotes and participates in both multidisciplinary and interprofessional team working.
- Critically reflects on decision-making processes and explains those decisions to others in an honest and transparent way.
- Demonstrates ability to challenge others, escalating concerns when necessary.
- Develops practice in response to changing population health need, engaging in horizon scanning for future developments.

PATIENT SAFETY & QUALITY IMPROVEMENT

CRITERIA

- Takes prompt action where there is an issue with the safety or quality of patient care, raises and escalates concerns, through clinical governance systems, where necessary.
- Demonstrates understanding of the basic principles of audit, clinical risk management, evidence-based practice, patient safety and clinical quality improvement initiatives
- Applies basic human factors principles and practice at individual, team, organisation, and system levels.
- Collaborates with multidisciplinary and interprofessional teams to manage risk and issues across organisations and settings, with respect for and recognition of the roles of other health professionals.
- Advocates for, and contributes to, organisational learning.
- Reflects on personal behaviour and practice, responding to learning opportunities.

SAFEGUARDING VULNERABLE GROUPS

CRITERIA

- Recognises and takes responsibility for safeguarding children, young people, and adults, using appropriate systems for identifying, sharing information, recording and raising concerns, obtaining advice and taking action.
- Applies appropriate equality and diversity legislation, including disability discrimination requirements, in the context of patient care.

EDUCATION & TRAINING

CRITERIA

- Critically assesses own learning needs and ensures a personal development plan reflects both clinical practice and relevant generic capabilities.
- Promotes and participates in individual and team learning; supporting the educational needs of individuals and teams for uni-professional, multidisciplinary and interprofessional learning.
- Identifies and creates safe and supportive working and learning environments.
- Takes part in patient education.

RESEARCH & SCHOLARSHIP

CRITERIA

- It is expected the successful candidate will have a passion for research and the drive to ensure the post is successful.
- Keeps up to date with current research and best practice in the individual's specific area of practice, through appropriate continuing professional development activities and their own independent study and reflection.
- Critically appraises and understands the relevance of the literature, conducting literature searches and reviews; disseminates best practice including from quality improvement projects.
- Works towards identifying the need for further research to strengthen the evidence base or where there are gaps in knowledge, networking with teams within and outside the organisation
- Locates and uses clinical guidelines appropriately.

OUR VISION AND VALUES

The Shrewsbury and Telford Hospital NHS Trust is an organisation that strives to provide high quality, safe care for our patients in an environment which our staff are proud to work in

Our Vision:

“To provide excellent care for the communities we serve”

Our Values:

OUR VISION

We believe that by adhering to our Vision and working with our Values in mind we can behave in a way which will ensure the right results for the people that matter most – our patients and their families.

OUR VALUES

Our Trust Values provide a guide for our daily lives which we are all expected to uphold, both at work and when we are representing the Trust.

Our Values were developed by staff and our patients, so they represent what is important to us within the organisation and the way we should all behave towards patients, carers, visitors, partners and each other.

You will see our Values throughout the Trust; they are not just words on a page, they represent what we are about here at SaTH. We want patients and their families to say that the care and service they receive from all of us is consistently high-quality, safe, effective and personalised, so the feelings behind the Values shouldn't come as a surprise to anyone working in the NHS.

The reason why it is important that they are clearly written down is so we all know what's expected, and none of us are surprised if we are asked to explain any unacceptable behaviour. Ultimately, if we follow our Values, we will provide services that are better for our patients and better for each other.
